

Coronavirus y el uso de guantes

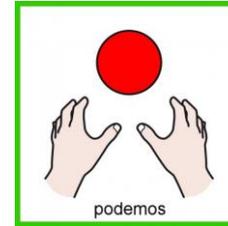

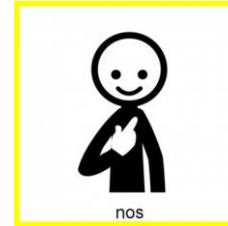

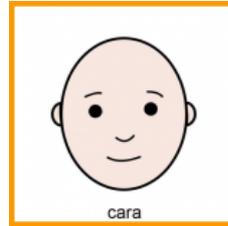

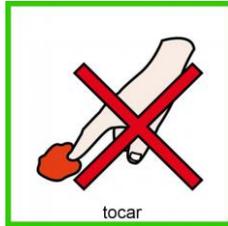

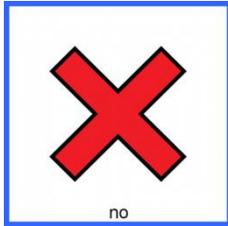

No debemos utilizar guantes

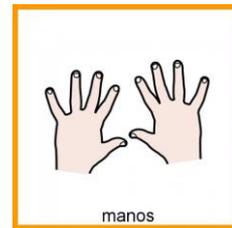

Mejor lavarse bien las manos que usar guantes

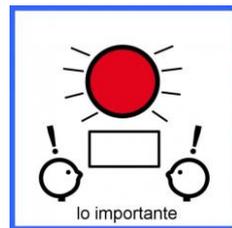

Al utilizar guantes mucho tiempo se ensucian y pueden contaminarse

No tocarse la cara con guantes porque nos podemos infectar

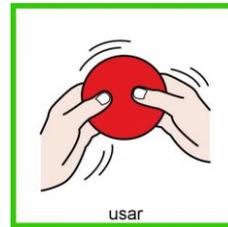

No se tiene que echar gel hidroalcohólico en los guantes si en las manos

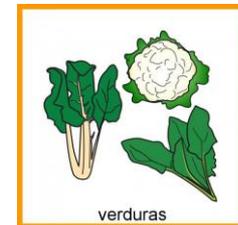

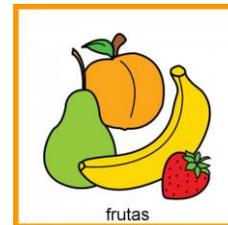

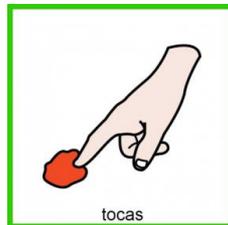

Lo mas importante es lavarse bien las manos después de usar los guantes

Uso de guantes

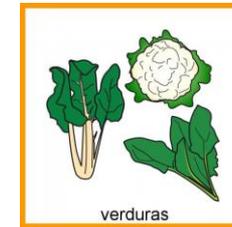

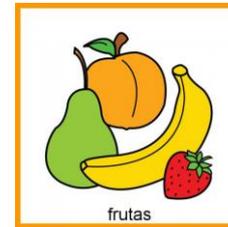

Hay que utilizar guantes de usar y tirar

Utilizar guantes cuando vamos a comprar para tocar frutas o verduras

Al terminar de comprar lavarse las manos o echarse gel hidroalcohólico

En casa lavarnos las manos y lavar las frutas y verduras
